

Seymour Heights Parent Participation Preschool Enrollment Timeline

6 Simple Steps to Enroll Your Child at Seymour Heights PPP

1. **Contact** the Enrollment Chairperson, either at an Open House, by e-mail or by phone.
2. Put your child's name on the **Waitlist** for the relevant year. Keep contact info current!
Note: Registration begins in January (returning families) and February (new families) for the school year beginning the following September, though can occur later if spaces remain in a class.
3. Complete an **Observation** – sit in on a class that is currently running.
4. **Pay** a registration fee (\$80) and the first month's tuition (\$135) to reserve your child's spot while you complete paperwork. A spot cannot be held without payment.
5. Promptly complete all **Registration Forms** as fully as possible, and return with all required items to the school. Government licensing requires the school to have complete documentation on file for every student. Information may be required several times as forms are filed with more than one individual for a number of purposes.
6. Enrollment Chairperson confirms your registration. *Welcome to Seymour Heights PPP!* You will be contacted by the Orientation Chairperson about settling in at the school.
